DATE: 12 January 2015

**TO: ALL THE MINES**

Sir / Madam,

### **SUBMISSION OF TB AND HIV/AIDS REPORT FOR THE REPORTING YEAR 2014.**

In 2011 the Mine Health and Safety Council (MHSC) held a TB and HIV/AIDS Summit for the South African Mining Industry. During the Summit referred to above, the Principals representing the State, Employers and Organised Labour agreed to the set of Commitments and Action Plan which seek to reduce and prevent HIV/AIDS and TB at mines. The Commitments include the compilation of a national report on TB and HIV/AIDS in the Mining Industry. Subsequently, a reporting template was developed under the auspices of the MHSC which should be utilized by all mines for reporting on TB and HIV/AIDS annually.

Therefore all mine employers regulated by the Department of Mineral Resources, Mine Health and Safety Inspectorate, Gauteng region, are hereby requested to submit the TB and HIV/AIDS Report using form **DMR 164** to the office of the Principal Inspector of Mines, Gauteng Region on or before the due date of **28 February 2015**.

Form DMR 164 is attached.

Kindly acknowledge receipt.

Yours faithfully,

**PRINCIPAL INSPECTOR  
GAUTENG REGION**
